

## Important Changes to Our Retail Operations Due to Covid-19

Although our pool service and construction are continuing to operate with slight modifications from the state, our retail stores are **OPEN** for curbside pick-up and delivery! What this means to you...

Until further notice, we ask that you call ahead with your store needs, and we will prepare the items for your pick-up. Simply drive up and we will bring the items to you. Everything can be paid for with a credit card, cash or check.

If you have not yet opened your pool, please note that opening chemicals only include shock and algaecide. A majority of the pools we service may need more than just those two staple chemicals. If this applies to you...

To request products from our Vernon store, please call (860) 874-7801 (***this is also our Firewood phone number***). For products from our Hebron store, please call (860) 530-1780. Please note any order of \$150 or more will be delivered to your house free of charge (until further notice). If you need computerized water testing, simply call either location during business hours Mon-Fri, 9am-5pm. We will test your water and give you a computer print-out.

Please also note that our retail stores are fully stocked with:

- Chemicals (pool & spa)
- Floats, toys, games
- A full line of new hot tubs - sales appointment available
- And much more!

Last, I want to thank you, our loyal customers, during this challenging time. Remember that I am here for your needs 24/7! Be safe!
