Spring Clean-Up: \$350 + tax

We are offering a spring cleanup option. This is not included in the standard Yearly Service Plan pricing. Spring cleanup consists of 2 additional 1-hour cleaning sessions scheduled the first week after opening the pool. Price includes chemicals needed at the time of cleaning. We have found that this option enables you to enjoy your pool quicker as it typically takes 3 or more cleanings to get the pool to a swimmable condition.
